Memberships

ESES: Member of the European Society of Endocrine Surgeons

ENETS

SWISSNET

FMH: Member of the Foederatio Medicorum Helveticorum

Member of the Swiss Society of Surgery

Publications

“Impact of the Ultrasonic scalpel on the amount of drained lymph after axillary or inguinal lymphadenectomy”

Gié O, Matthey-Gié ML, Marques-Vidal PM, Demartines M, Matter M
BMC Surg. 2017 Mar 21

“Prospective randomized study to compare lymphocele and lymphorrhea control following inguinal and axillary therapeutic lymph node dissection with or without the use of an Ultrasonic scalpel”

Matthey-Gié ML, Gié O, Deretti S, Demartines N, Matter M
Ann Surg Oncol. 2015 Dec 29

“Ultrasound predictors of malignancy in indeterminate thyroid nodules”

Matthey-Gié ML, Walsh SM, O’Neill AC, Lowery A, Evoy D, Gibbons D, Prichard RS, Skehan S, McDermott EW
Irish Journal of Medical Science. 2014

“Sentinel lymph node biopsy in nonmelanoma skin cancer patients”

Matthey-Gié ML, Boubaker A, Letovanec I, Demartines N, Matter M
Journal of Skin Cancer. 2013

“Prospective assessment of trocar-specific morbidity in laparoscopy” Cristaudi A, Matthey-Gié ML, Demartines N, Christoforidis D
World Journal Of Surgery. 2014

“Adrenal surgery: Multidisciplinary is mandatory”

Rev Med Suisse. 2017

Research

Cure rate of unilateral adrenalectomy for primary hyperaldosteronism by using plasma metanephrines for the lateralization procedure. Multicentric study in collaboration with the University Hospital of Geneva. Co-investigator and first author

Handouts Presentations

Congress of the European Society of Endocrine Surgeon, Oxford; Poster presentation - 2017 “A rare case of hyperparathyroidism in a teenage boy”

World Congress of Lymphology, San Francisco (USA); Poster presentation - 2015 “A randomized study for lymphocele and lymphorrhea control following inguinal and axillary radical lymph node dissection”

European Society of Lymphology Congress, Lausanne (Switzerland); Free communication - 2015 “A randomized study for lymphocele and lymphorrhea control following inguinal and axillary radical lymph node dissection”

Swiss Surgery Congress, Bern (Switzerland); Free communication - 2015 “A randomized study for lymphocele and lymphorrhea control following inguinal and axillary radical lymph node dissection”

Swiss Surgery Congress, Bern (Switzerland); Poster - 2013 “Treatment of lymphatic fistula following inguinal radical lymph node dissection”

Sir Peter Freyer Surgical Symposium, Gallway (Ireland); Free communication - 2012
"Ultrasound predictors of malignancy in indeterminate thyroid lesions"
